## SPRING FOOTBALL PRACTICE BEGINS

Princeton and Pennsylvania Get to Work Trying Radical Changes,

INTEREST IN NEW RULES

University of Chicago Takes Fav orable Action-Athletic Reforms at Yale.

PRINCETON, N. J., April 3.-Spring foot-ball practice was begun here yes-terday, when about twenty men responded to Captain Dillon's call for candi-

ed to Captain Dillon's call for candidates. Owing to the radical changes which have been made recently in the rules of the game, the captain and coaches are anxious to get all the men out that is possible.

A prominent alumnus of the university has offered two sliver loving cups, to be awarded, one to the best drop kleker and the other to the best punter in the university. The contest for these cups will take place early in May. J. B. Riggs, '88, and W. H. Roper, 'G, assisted in the coaching this afternoon.

Chicago Endorses New Rules.

CHICAGO Endorses New Kules.

OHICAGO, April 3.—The rules formally adopted by the American intercollegiate foot-ball rules committee were received with favor at the University of Chicago. Dr. J. B. Raycroft, director of athletics, said in commenting on the rules:

I believe the changes will be beneficial. The ten yards to be gained instead of five will be an interesting experiment, and should, on the whole, tend to eliminate close play and constant line plunging. The regulation on hurdling and tackling below the knees stant line plunging. The regulation on hurdling and tackling below the knees ought to result in a reduction of injuries. One notable result is likely to be a greater amount of punting. Spectators like to see the ball shift back and forth, and the opening up of the game in this manner, it seems to me, will tend to make it more popular than before.

### Football at Penn.

PHILADELPHIA, April 3.—The first practice of the year for University of Pennsylvania foot-ball candidates was held on Franklin Field yesterday afternoon. The early practice will continue for the next few weeks, or as long as the weather will permit. The feature of the practice yesterday afternoon was entirely new, mainly in forward passing of the hall.

of the ball.

Twenty-six men answered the sall.

Almost every one of the squad is an old foot-ball man, having played either on the 'varsity last year or on the scrub.

Trainer Mike Murnhy had charge of the work and the candidates were immediately set to work on punting the ball.

Penn will have to develop a punter this year to take the place of Stevenson and Sheble, of last year's team.

### Yale Athletic Reform.

NEW HAVEN, April 3.—Yale has started in this spring with athletic reform. Although the Athletic Association has a large surplus, all unnecessary expenses are being out down. The training table for the second baseball team, which heretofors has always been deemed a necessary requirement, has been abolish-

ed.

The baseball team has been hindered, as not a day's work has been done outdoors. The team left the case for good to-day; when the second team squad was called out, and practice in preparation for the Southern trip was held in

Outdoor work has already started for Outdoor work has already started for the track team, with prospects for a successful season getting brighter every day. Torrey, '07, who beat Duffy in 1994 in the 40-yard dash at Baltimore, and Johnny Low, '07, with 9 4-5 seconds for the 100-yard to his credit, both of whom were kept out of the games last spring by injuries sustained early in the season, are showing up in their old-time form. Trainer Mack is watching them carefully, as he will not run any risk of a repetition of last season, when four sure point winners were kept out of the intercollegiate meet purely by injuries received in the early practice.

Before he could rise, nis horse had gotten away and by the time he caught him and mounted, the rest of the field was so far in the lead that he pulled out. This left F.
